DeLaval-Style 06 and 03 Shells

All stainless steel, beautifully satin-finished. 06 style shell features rolled edge for easier cleaning. Use Magnaflex Tri-Magna™ or other inflations for 06 shell or original Delaval 01. 03 style Shell accepts all 03 -style liners. Ring is available separately.

140107 D/L Style 06 Shell with rolled edge. Wt. 6.5 oz.

140117 Economy D/L Style 06 Shell with rolled edge. Wt. 6 oz.

140108 D/L Style 03 Shell. Wt. 8 oz. **140109** D/L Style 03 Ring.

Boumatic-Style Standard Shell

Ribbed rim stops inflations from twisting. High polish finish shell accepts F1, R1, P1 and FAS inflations and, when nipple is used, F2, R2, P2 and similar inflations.

140110 Boumatic-style Shell. Wt. 7 oz.

Jet Flo-Style Shell

Tapered like the original quality stainless steel, satin-finished shell features ribbed air nipple. Accepts a variety of Magnaflex inflations including new MAG201 Tri-Magna™ as well as all original Surge styles for Jet-Flo shell.

140111 Jet-Flo-Style Shell. Wt. 8 oz.

The Milk-Easy Adapter goes on the top of the inflation to improve milkout of slow quarters and help reduce teat end damage. Made of FDA-approved semi-flexible rubber, Milk-Easy prevents the inflation from moving up on an infected or injured teat and pinching off the milk canal.

ME200 Milk-Easy for heads over 2". Fits most Surge, Boumatic, Universal, Conde, Choreboy, & European AlfaLaval liners.

ME100 Milk-Easy for heads 2" or less. Fits most DeLaval, Westfalia, & IBA silicone.
